

The Roger Nichols Recording Method: A Primer for the 21st Century Audio Engineer (Mixed media product)

By Roger Nichols

Alfred Publishing Co., Inc., United States, 2013. Mixed media product. Book Condition: New. 297 x 226 mm. Language: English . Brand New Book. Learn the basics of digital recording, each step of the signal path, and everything from microphone placement to mixing strategy through the eyes and ears of The Immortal Roger Nichols, master engineer. From scientifically analyzing the differences between condenser, ribbon, and dynamic microphones, to sharing his secrets to an amazing mix, Nichols delivers something for everyone interested in the science and art of audio engineering---no matter what your experience level. The DVD-ROM includes Pro Tools session files, personally set up by Roger, to give you hands-on training. The Roger Nichols Recording Method gives you the unique experience of learning directly from Roger---exactly as he would have taught you at one of his famous master classes. It s the ultimate experience of having an eight-time GRAMMY(R)-winning engineer sit down in your studio to teach you from his personal experiences and techniques. This book is excellent for beginners but is still full of gems for seasoned pros who want to know how Roger Nichols always managed to get that sound. Topics include: * Plan your recording sessions like a...

Reviews

A new e book with a brand new standpoint. I am quite late in start reading this one, but better then never. I discovered this ebook from my i and dad advised this publication to understand.

-- Jada Franecki II

Here is the very best book i have got read through until now. I could possibly comprehended everything using this composed e publication. You will not sense monotony at whenever you want of your time (that's what catalogues are for concerning should you ask me).
