THE 13TH ENUMERATION

PalmoniQuest LLC. Paperback. Book Condition: New. Paperback. 470 pages. Dimensions: 8.5in. x 5.5in. x 1.0in. In 43 AD, Levi ben Cheleph, a Roman customs official, composes a controversial genealogy of Jesus. For the next nineteen centuries, this list becomes one of the most disputed texts of the New Testament and the basis for one of the most important biblical secrets of all time. The 13th Enumeration is the key to that forgotten secret. Darius Zaridast, CEO of Aquarius Elemental Solutions, is on a quest to destroy those he believes are responsible for the death of his father and the status of his homeland, Persia, as a third-world dictatorship ruled by religious fanatics. Darius finds evidence that this group, which he calls the Order, is also part of a centuries-old conspiracy to keep the secret of the 13th Enumeration. This secret, he learns, is their greatest fear because it is the key to information that could destroy them. His research into this secretive group of people is compiled in a dossier he calls FILE-13. Darius believes some of history's most influential men are somehow connected to the secret: Sir Isaac Newton, one of the most influential scientists of all time, spent a good portion of his life looking for a hidden biblical code. Charles Thomson, one of only two signers of the original Declaration of Independence, was responsible for the most notorious symbols in American history. This symbol, known by only a few, is a key to the secret. William Frishmuth, a German chemist and secret agent for Abraham Lincoln, was so valued for his services he was paid two hundred dollars from Abraham Lincoln's private purse. William Colgate of ColgatePalmolive, one of America's early entrepreneurs, owned a building which featured an unsolved brick symbol--a symbol which today is known as the...
